#### CLIFTON MILLS.

Our quiet little village was thrown into a high degree of excitement about noon last Thursday, April 29, by a report coming to as to the effect that a young lady aged about 17 years, daughter of Mr. Edward Howard, who lives about one mile from town on Sinking Creek, had accidentally shot and killed herself. The facts of the case as best ascertained are about as follows: On the morning of that day she and her brother were at the creek fishing. He having a worthless old shotgan with him had laid it on a rock near by. About 11 o'clock she started to go to the houseand he told her to take his gun with her, and it is supposed that as she picked the margin of the rock, was partly pulled though? Well, he does, back and fell, thus discharging the gun; or that she fell down and the hammer struck against the rock, thus discharging it. The charge penetrated near the outer corner of the right eye and ranged upward, removing nearly half of the frontal bone and part of the parietal bone of that side. scattering the brain in all directions. boy's eight, the bank being steep. Startledby the report of the gun be hastened to the spot and found his sister weltering in her gore. The remainder of the family were quickly summoned, and she was carried to the house. She lived about two hours after receiving the wound, though totally unconscious.

Business is brisk in our town this spring. Mr. B. A. Parks is constantly receiving new goods, for which he finds ready sale.

We deplore very much the loss to this community of Dr. S. B. Adkisson, and we wish to say to the people of the city of Cloverport, into whose midst he goes, that they will find him to be a thorough gentleman, a competent druggist, a sagacious business man, and that his genial disposition will add a new charm to their circle

Mr. C. P. Babbage, of your city, was in town last week, and we are glad to note that he got some orders in his line. Miss Hattie Coleman and Mrs. Etla

Matheny, of Webster, were visiting here Since our town has got two doctors, it is

Spring has come at last and all nature seems to smile, and we feel that we are in a good humor with ourselves and the rest of mankind

Farmers are very busy, and are progressing with their work finely.

Mr. Alfred Taylor is done planting corn. All is moving on finely.

Our merchants both stores, have recrived their spring and summer stocks. and are selling at prices that will compare dick hands and constablents; and as for favorably with the lowest. Call and see

We have just learned of the death of that ex-ential steamboat method of againing. Miss Howard, a daughter of Mr. Ed. How ard, near Webster. I seems that Mis-Howard and three of her little brothers and got his gun. He set the gun against Now, sir," she said, "will you be so kind a large rock, and remarked that he must said, "I will take it with me. I am going to the house." The boy said, "No, let it alone," and went down the creek out of "My. Pilot," she said, striving to draw his sight. He heard the report of a gun, and went where he left his, sister, and found her lying on the ground with a portion of her jaw and head blown off, and brains and blood scattered round. She died in a short time after getting her to the house. It is supposed that Miss Howard was on top of the rock and stooped down and lifted the the no. sir, no. sir; not that way; the gun up. Our farmers are busy planting corn. The health of this community will compare favorably with that of any other in

This is the county for a poor man who wants to own a home of his own. He can buy good, level, well-timbered land here on Short Creek, within ten miles of the railroad, for \$3 per acre. We have school ten months in the year, and are well blessed with churches. We can hear the beils ringing in every direction every Sunday morning. We have many good people and some few bad ones, but I am glad to say the latter are fast moving out and good ones coming in and taking their places.

Well, Mr. Editor, we have a well here that is 900 feet deep and affords the best of sulphur water. Can you heat it? [We can't. All our sulphur wells are springs. -En. News.]

## LOST RUN.

The farmers in this part of the Lord's vineyard are about all through planting corn, and are now at work at their tobacco

We have a fine prospect for tobacco here this year, as nearly all the leading tobacco growers canvassed their beds, and now have plants almost large enough to set

Messrs, Carman & Gregory are putting up tobacco in one house and Mr Leichardt in the other, and they can boast that have ever been made in this county.

Miss Laura Haynes, one of our accomplished young ladies, has returned from a protracted visit to Bewleyville, and now contemplates another to Custer, then to Cloverport,
